FAIRLAND GROUP LIMITED

iGarden

iGarden Swim Jet P Series

Always Waving. Always Fun.

A family of four is enjoying a swimming pool. A man and a woman are sitting on the edge of the pool, smiling and laughing. A young boy in a bright green shirt is standing in the water, splashing. A young girl in a pink shirt and goggles is swimming in the water. The pool has a water jet feature that is spraying water upwards. The background shows a lush green lawn and trees.

BRINGING JOY TO EVERY FAMILY
iGarden Swim Jet P Series

FLOW STRONGER, LIVE LIGHTER

InverTurbo Tech

Delivers class-leading water flow up to 240m³/h for an intense and exhilarating waving experience.

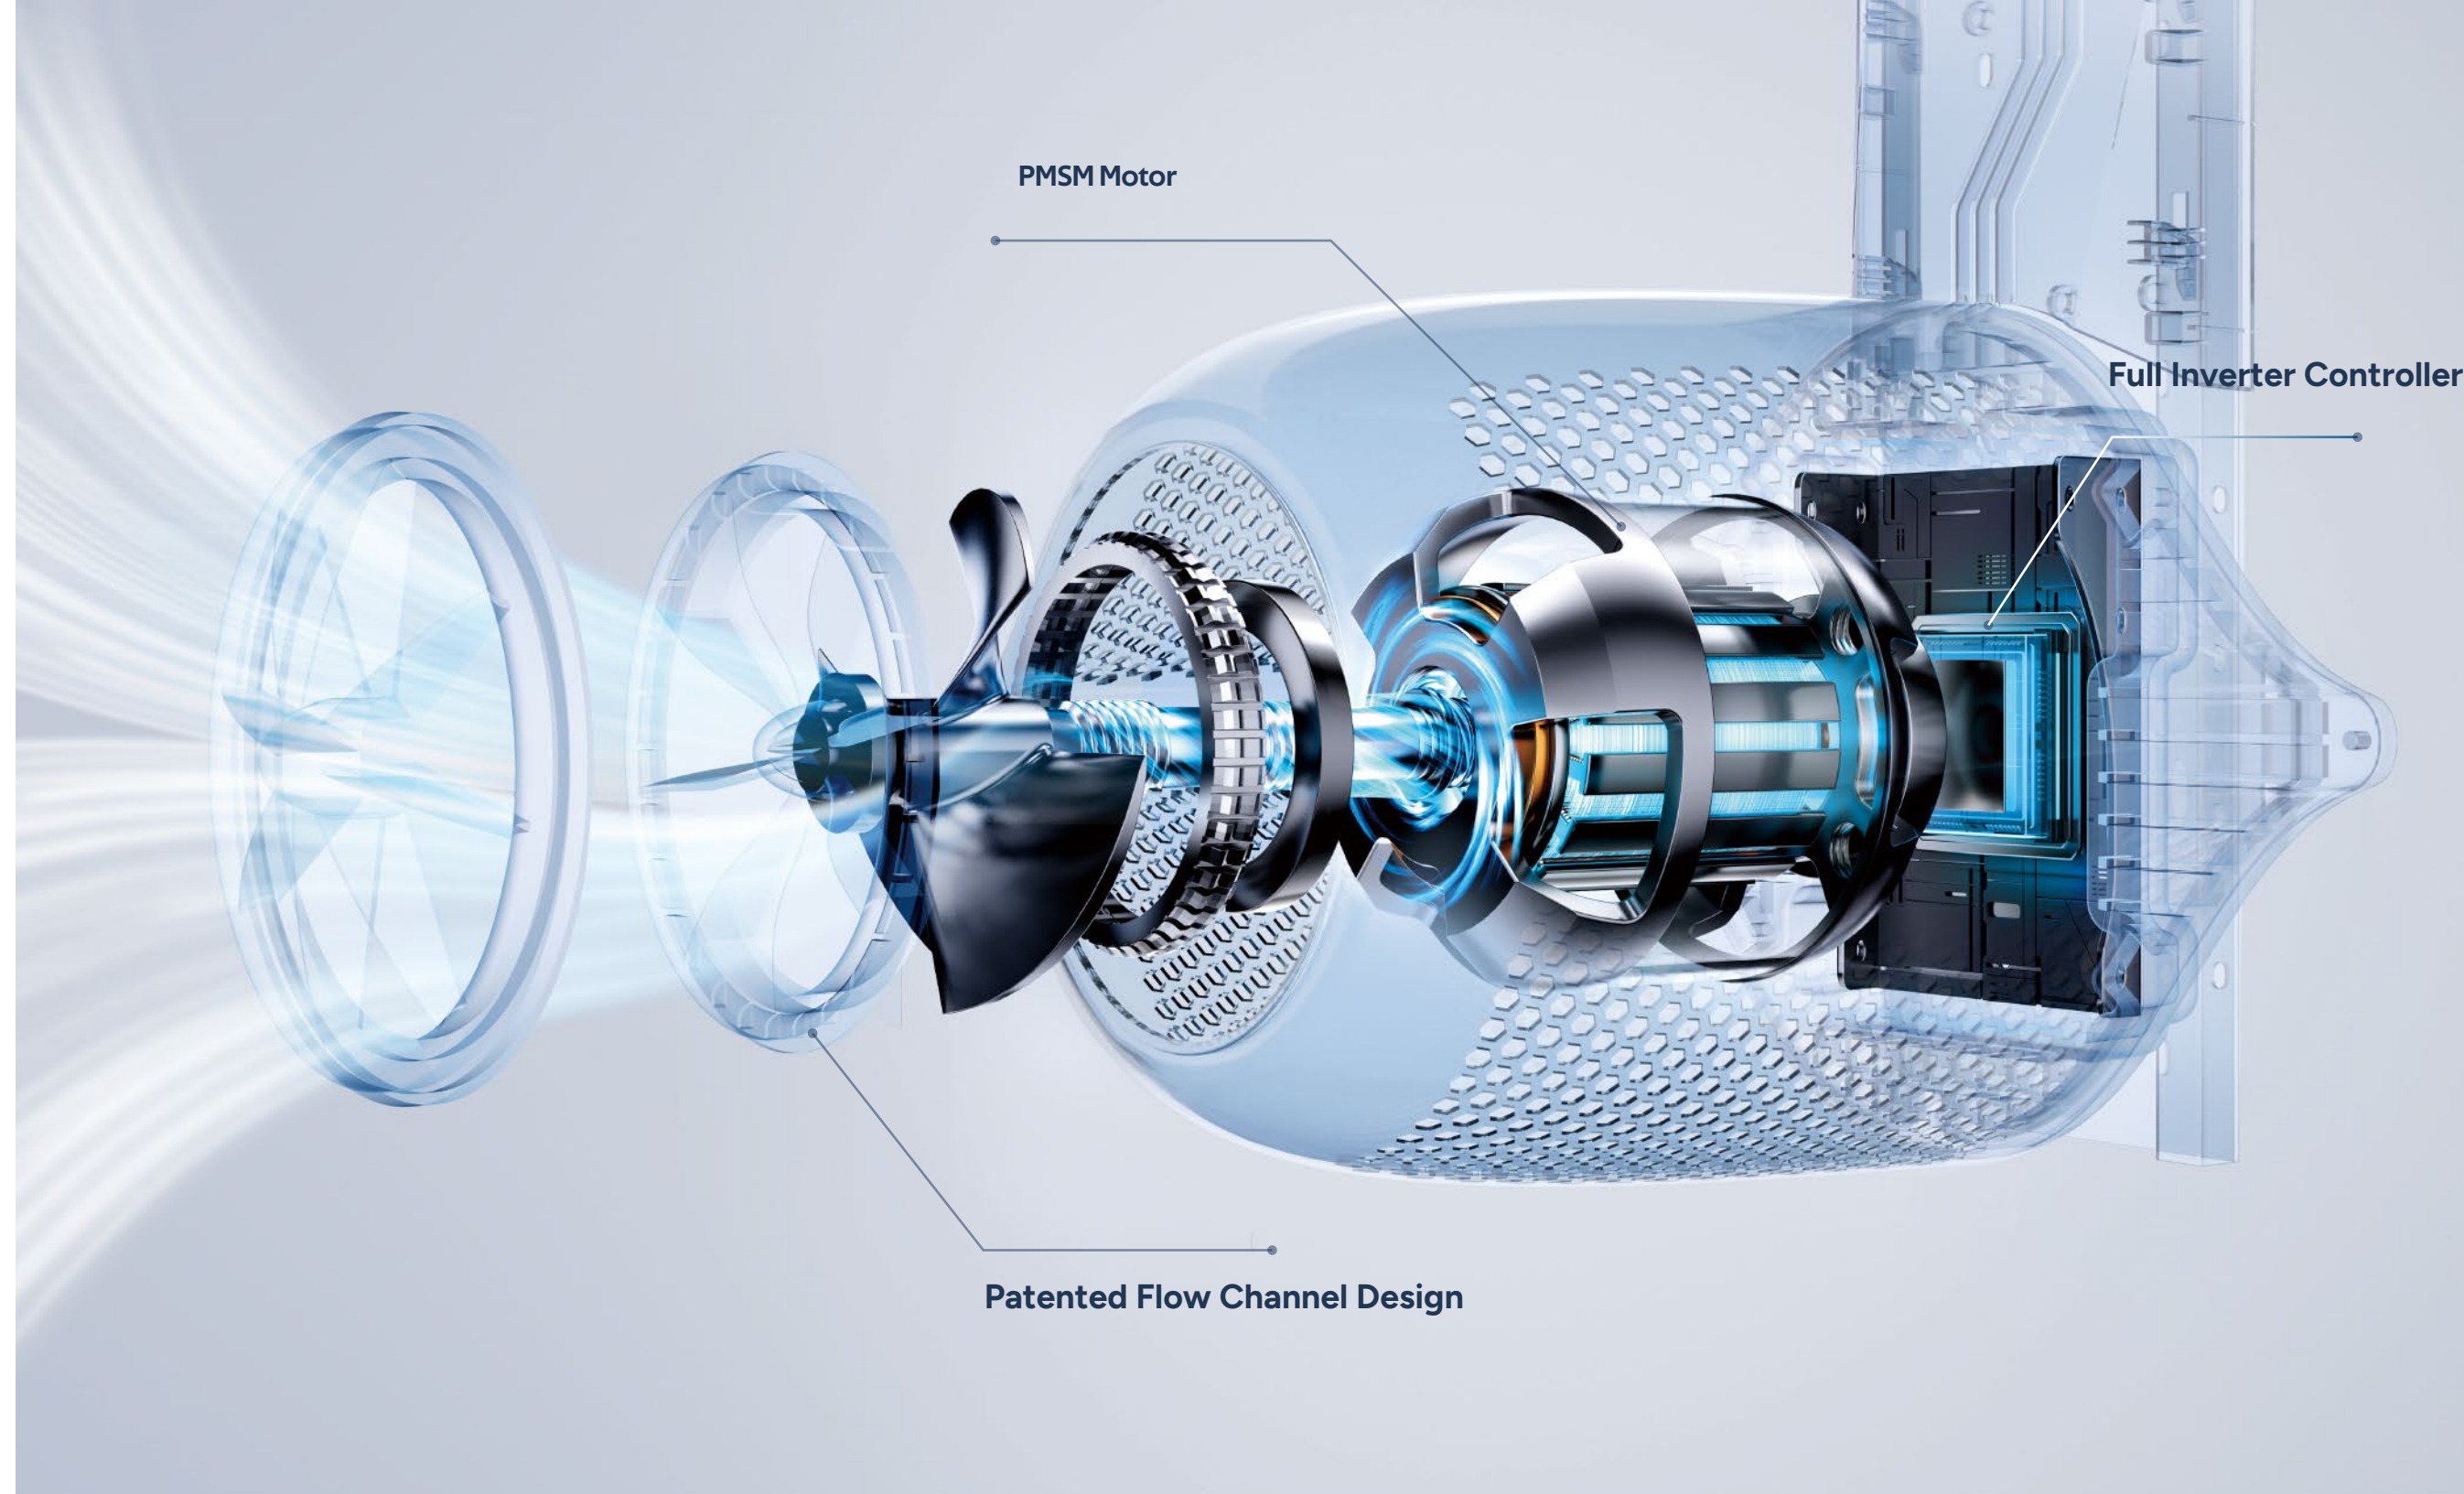

PMSM Motor

Next-gen permanent magnet motor with up to 1250W output, offering higher efficiency and smoother performance than traditional motors.

Patented Flow Channel – Designed for Speed

Innovative internal flow design boosts water velocity to 4.2m/s, reducing drag and maximizing propulsion.

WIDER WAVE AREA

Ready for Family Joy

Inspired by jet-engine design, our Ramjet-Profile nozzle and smart fluid dynamics create a powerful, fan-shaped current—offering up to twice the wave coverage of standard swim jets.

FIVE WAVING MODES

From Training to Play,
Always Just Right.

Our Inverter Drive seamlessly adjusts current strength to match your rhythm — with 5 finely tuned wave modes for everything from calm recovery to full-body resistance and playful family moments.

EASY INSTALLATION

Plug&Play

Whether you're a DIY type or prefer to leave it to the pros — we've got you covered. Our turnkey deck-drilling solution is easy to install and ready to use, with free professional installation available if you'd like a hand.

INTUITIVE REMOTE CONTROL

Mobile App Control

Touch,tap,full touchscreen interface for poolside elegance

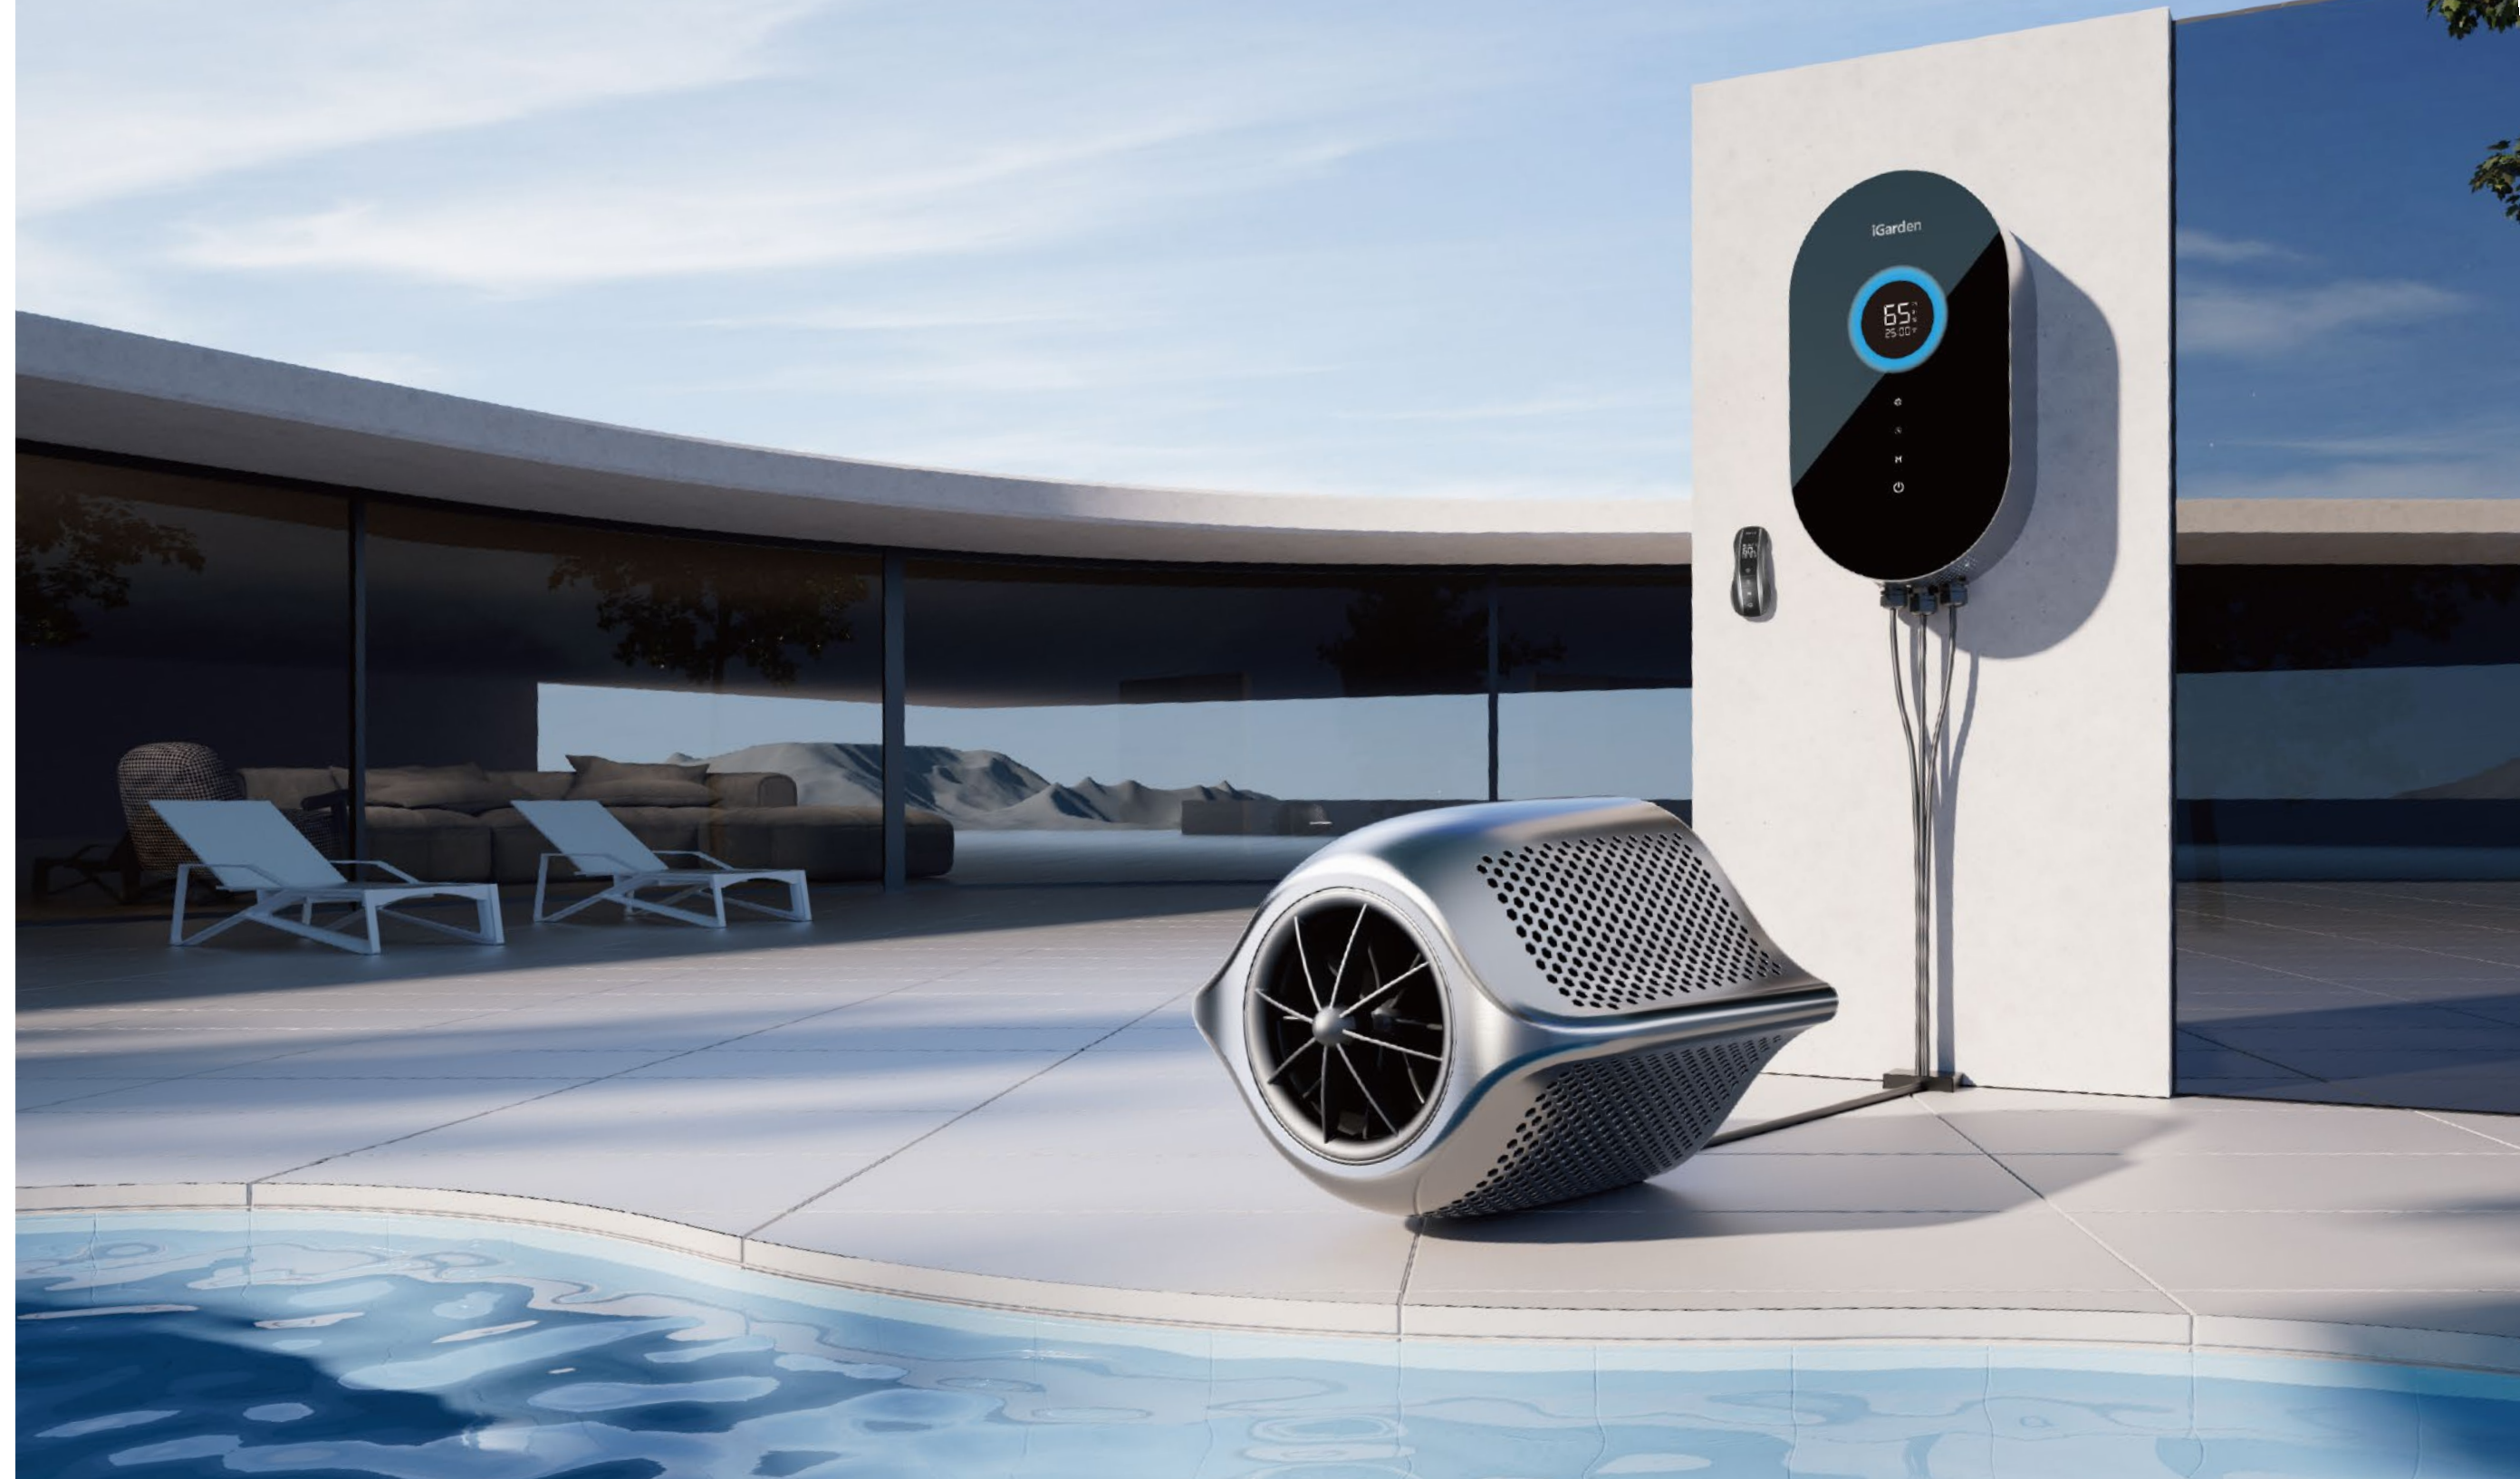

Remote Control

Bluetooth remote for spontaneous joy

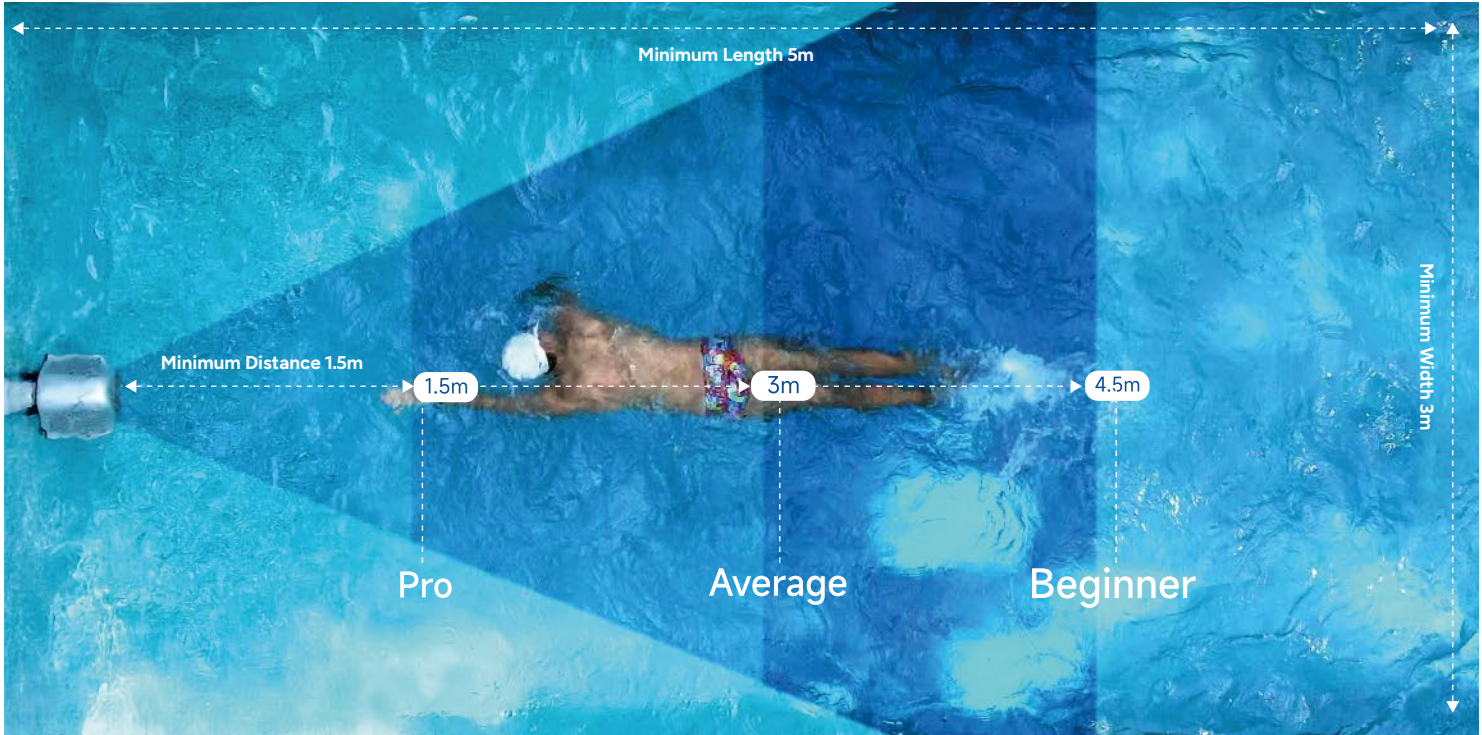

Touchscreen Panel Control

App-enabled for flexible operation

FIND YOUR PERFECT FLOW

Ideal for all-size pool from 5*3m

5 SWIMMING TRAINING MODES

Mode	P1(Beginner)	P2(Intermediate)	P3(Advanced)	P4(Endurance)	P5(Surfing)
Inverter Speed	20%~35%	45%~70%	70%~85%	45%~65%	30%-100%
Water Flow Rate(m³/h)	48-84	108-168	168-204	108-156	72-240

*The following water flow rate data is based on the P240 model as an example.

JET

Model	Operating Voltage (V)	Max Flow Rate (m³/h)	Max Flow Speed (m/s)	Dimension	IP Rating	Operating Water Temp(°C)	Ambient Temp (°C)
P100	12	100	2.4	(L) 364mm (M) 356mm (H) 281mm	IP68	5-40	0-43
P160		160	2.9				
P200		200	3.5				
P240		240	4.2				

CONTROLLER

Model	Power (KW)	Supply Voltage(V/Hz)	IP Rating	Dimension	External Control
P100	0.4	220-240V 50/60Hz	IP45	(L) 441.4mm (M) 245mm (H) 119.5mm	Remote/ WIFI/ RS485
P160	0.6				
P200	0.9				
P240	1.25
